# THE NAME OF BALL-BEARING SLIDES

Repon has been in business for over 45 years, started as a computer case manufacturer, moved on to customized drawer slides business, and now we are specialized in industrial and cloud computing slides. Our goal has never been compromised, which is pursuing the ultimate customer satisfaction.

We comprise 3 large scale production plants with highly vertical integration from product design, manufacturing, packaging all the way to marketing. Our service covers a variety of industries including

**Office furniture, Kitchen, Tool box,  
Residential area, Appliance,  
Medical cart, RV,  
industrial applications  
and servers ...**

With Repon's complete product line and powerful RD capability, we are committed to continuous improvement on our service and technology for a brighter future along with our partners.

It is more than a ball bearing slide, it is a life time commitment to Repon.
